

Lumière Collective — Internal Brand Guideline

Lumière Collective — Internal Brand Guideline

Document Version: 2.4 (Updated Q1 2025)

Applicable Markets: Vietnam · Thailand · Indonesia · Singapore · Malaysia

Prepared by: Brand Strategy & Creative Direction Team

Classification: Internal — Brand Standards

Brand Identity Overview

Company Name: Lumière Collective

Founded: 2019, Ho Chi Minh City, Vietnam

Brand Positioning: Premium-accessible DTC beauty brand, SEA-born with Pan-Asian identity

Operating Markets: VN, TH, ID, SG, MY

Flagship Product Lines:

- Glow Serum Series (hero skincare line)
- Velvet Cushion Collection (color cosmetics)
- Clean Ritual Body Care (body and wellness)

Brand Archetype

Primary: The Creator — Lumière Collective believes in the power of self-expression through beauty. We create products that enable individuals to craft their own rituals, their own glow, their own story.

Secondary: The Lover — We are deeply invested in the relationship between our customers and their skin. Beauty, for us, is an act of care and intimacy — not performance.

Core Brand Pillars

Pillar	Description
Clean Beauty	Every Lumière Collective product is free from parabens, sulfates, synthetic fragrance, and any ingredient not compatible with our halal-certified formulation standards. Clean is not a trend for us — it is the foundation.
Cultural Pride	We are proudly SEA-born. Our ingredients, our aesthetics, and our community reflect Southeast Asia's diversity, botanical heritage, and modern creative energy. We do not imitate — we originate.
Accessible Luxury	Premium beauty should not require a premium income. Lumière Collective is committed to delivering luxury formulation standards at mid-range price points, making high-efficacy skincare the norm, not the exception, for our communities.

Tagline Options

1. **"Your Glow, Your Story"** — Consumer-centric, empowering, platform-native
2. **"Born in SEA. Made for You."** — Origin-proud, community-first, regional identity
3. **"Glow Forward."** — Aspirational, momentum-driven (campaign alignment with Q2 2025 activation)

Brand Personality Traits

Trait	Description
Radiant	Warm, luminous, and energising — our brand presence should feel like stepping into good light
Honest	We do not oversell. We speak plainly about ingredients, results, and limitations — because our customers are intelligent
Culturally Rooted	We celebrate Southeast Asian identity without tokenising it; our cultural references are specific, not generic
Progressive	We are ahead of trends, not behind them. We speak to where beauty is going, not where it has been
Inclusive	Beauty at Lumière Collective has no default. Our imagery, language, and KOL choices reflect the full spectrum of the communities we serve

Brand Mission, Vision & Values

Mission

To make premium, clean, and culturally resonant beauty accessible to every person in Southeast Asia — through honest products, authentic partnerships, and a community built on trust.

Vision

To become Southeast Asia's defining premium DTC beauty brand by 2028 — the brand that the next generation of SEA consumers chooses as their first introduction to luxury skincare.

Values

Value	Operational Meaning
Formulation Integrity	No ingredient compromise for cost. Every formula is reviewed by our independent R&D board before approval.
Community Before Campaign	Our KOL partnerships are long-term relationships, not one-off transactions. We invest in creators who share our values.
Transparency as Default	We publish full ingredient lists, disclose all paid partnerships, and do not make unsubstantiated clinical claims.
Halal as a Standard, Not a Segment	Our entire product range is formulated to halal compliance standards — not as a marketing angle, but as the minimum bar for ingredient integrity.
SEA First	Every product development, marketing, and community decision begins with “does this serve our SEA customer?”

Target Audience & Customer Personas

Persona 1: “The Glow Chaser”

Attribute	Detail
Name	Linh Nguyễn
Age	24

Attribute	Detail
City	Ho Chi Minh City, Vietnam
Occupation	Content creator / part-time digital marketing coordinator
Monthly Income	USD 480–680
Platforms Used	TikTok (daily), Instagram (daily), Zalo (messaging), YouTube (weekly)
Monthly Beauty Spend	USD 35–65
Pain Points	Acne-prone, oily T-zone, overwhelmed by product options, limited income for premium products
Dream Outcome	A simple, visible-results routine she can film and share without embarrassment — products that work for her skin type and that she's proud to show on her TikTok
Preferred KOL Type	Someone who looks and sounds like her — relatable, honest, K-beauty informed, Vietnamese

Persona 2: “The Mindful Minimalist”

Attribute	Detail
Name	Joanne Tan
Age	31
City	Singapore
Occupation	UX Designer at a regional fintech company
Monthly Income	USD 4,200
Platforms Used	Instagram (daily), YouTube (3x/week), LinkedIn (work), TikTok (occasional)
Monthly Beauty Spend	USD 140–220
Pain Points	Sensitive skin that reacts to fragrance; decision fatigue from too many choices; skeptical of influencer-marketing hype
Dream Outcome	A curated, 4-step routine with clinically credible products she can trust long-term — no gimmicks, no fragrance, no wasted money
Preferred KOL Type	Someone with credentials or a genuine track record — evidence-based, ingredient-literate, aesthetically clean

Persona 3: “The Halal Explorer”

Attribute	Detail
Name	Hana Maisarah
Age	27
City	Kuala Lumpur, Malaysia
Occupation	Primary school teacher
Monthly Income	USD 820
Platforms Used	TikTok (daily), Instagram (daily), YouTube (weekly)
Monthly Beauty Spend	USD 55–90
Pain Points	Difficulty finding premium products with visible halal certification; frustrated by brands that claim halal-friendliness without official certification; wants to look polished without compromising values
Dream Outcome	Premium, certified halal skincare that delivers visible results and that she can recommend to her community with confidence
Preferred KOL Type	A Muslim woman who understands halal compliance at an ingredient level — not just checking boxes, but genuinely community-rooted

Tone of Voice & Messaging Framework

Core Tone Principles

Principle	Do	Don't
Clear over clever	“This serum visibly reduces dark spots in 4 weeks”	“Illuminate your luminosity journey”
Warm but not effusive	“We think you’ll love this one.”	“OMG YOU NEED THIS IN YOUR LIFE 🥰🥰🥰”
Specific over vague	“68% of users saw reduced pores after 3 weeks of daily use”	“Transforms skin dramatically”
Culturally specific	Reference Tết, Songkran, Eid in ways that are specific and genuine	Generic “festival season” references
Community-inclusive	“For every skin tone, every routine, every budget tier that reaches for	“For everyone” (meaningless)

Principle	Do	Don't
	premium"	

Messaging Hierarchy

Level 1 — Brand Message (all touchpoints):

Lumière Collective is premium beauty made honest, accessible, and proudly SEA.

Level 2 — Product Message (category level):

- Glow Serum Series: "Clinically graded brightening for real SEA skin."
- Velvet Cushion Collection: "Full-coverage finish. Feather-light wear. All-day in humidity."
- Clean Ritual Body Care: "Your body deserves the same care as your face."

Level 3 — Campaign Message (Q2 2025 "Glow Forward"):

"Glow isn't a finish line. It's the direction you're moving."

Visual Identity Standards

Color Palette

Color	Hex	Usage
Lumière Gold	#C9A96E	Primary brand accent; logo, CTA buttons, premium tier
Porcelain White	#F8F4EF	Background dominant; clean space, product isolation
Deep Plum	#3D1F2E	Typography primary; editorial headers, body copy
Jade Mist	#B8CFC2	Secondary accent; clean beauty, halal product line
Warm Terracotta	#C4714A	Campaign accent; seasonal activations, Gen Z content

Typography

- **Headlines:** Playfair Display (serif) — editorial authority, premium presence
- **Body Copy:** DM Sans (sans-serif) — readability, digital-native clarity
- **Accent/Campaign:** Cormorant Garamond Italic — luxury moments, tagline applications

Photography Standards

- **Skin representation:** Minimum 60% of all campaign imagery to feature Southeast Asian skin tones (warm undertones, Type III–V Fitzpatrick scale)
 - **Texture and realism:** Avoid over-retouching. Visible pores, natural skin texture, and real-life lighting are preferred over airbrushed perfection
 - **Background:** White, soft-focus natural environments, or brand palette neutrals. Avoid busy or unrelated settings
 - **Product isolation shots:** Must show product on skin or in hand — never floating on artificial gradient backgrounds
-

Content Guidelines by Platform

TikTok

- **Format:** Short video (15–60s) as primary; mid-form (61–180s) for tutorials
- **Hook requirement:** First 3 seconds must establish the problem, transformation, or product clearly — no slow build-ups
- **Caption:** Maximum 150 characters; include 1 branded hashtag (#GlowForward or #LumiereCollective) + 2 trending category hashtags
- **Posting cadence (brand-owned):** 4–5x per week; peak posting times 7–9am and 8–10pm local market
- **Music:** Use trending audio where possible; avoid licensed commercial music without clearance
- **TikTok Shop integration:** All campaign posts must include a product tag linked to TikTok Shop where available (VN, ID, MY, TH)

Instagram

- **Primary formats:** Reels (priority), Carousel (product education), Static (brand lifestyle)
- **Reels:** 30–90s; hook within first 2 seconds; subtitles mandatory (60% of viewers watch without sound)

- **Grid aesthetic:** Maintain a balanced ratio of product-focused (40%), lifestyle (35%), and community/UGC (25%) posts
- **Stories:** Daily cadence during campaign windows; poll + Q&A mechanics to drive engagement; product link stickers on all campaign posts
- **Caption style:** Conversational opening sentence; expand with product detail; end with a soft CTA ("Swipe to shop" or "Link in bio")
- **Hashtag limit:** 5–8 hashtags per post (avoid hashtag stacking)

YouTube

- **Format:** Long-form reviews (10–20 min), tutorial series (8–15 min), brand mini-documentaries (3–6 min)
- **Thumbnail standard:** Face + product visible; emotion (curiosity or satisfaction); readable text overlay in Playfair Display
- **Description:** First 200 characters to include product names, key claims, and affiliate/discount link
- **End screen:** Must include subscription CTA and link to 1 related Lumière Collective video
- **Ideal publishing cadence:** 1–2 videos per month per creator; quality over frequency

Zalo (Vietnam) / LINE (Thailand)

- **Role:** Post-purchase nurture, exclusive offers, community-building
- **Tone:** More personal and conversational than other platforms — closer to a friend's message
- **Content:** Early access to launches, loyalty rewards, skincare tips, replenishment reminders
- **KOL integration:** Share KOL content links within brand channels; avoid direct-to-KOL-profile linking that takes users off-platform

Influencer & KOL Collaboration Policy

Follower Thresholds by Tier

Tier	TikTok	Instagram	YouTube	Notes
Nano	5K–20K	3K–15K	1K–8K	Community-first, highest trust-per-follower
Micro	20K–100K	15K–80K	8K–50K	Niche authority; halal, grooming, regional dialects
Mid-tier	100K–500K	80K–300K	50K–200K	Balance of reach and engagement quality
Macro	500K–2M	300K–1M	200K–800K	Volume awareness; campaign anchor roles
Mega	2M+	1M+	800K+	Selective; major launches only; highest brand safety scrutiny

Minimum Engagement Rate Requirements

Tier	TikTok (Min ER)	Instagram (Min ER)	YouTube (Min ER)
Nano	6.0%	4.0%	5.0%
Micro	5.0%	3.5%	4.5%
Mid-tier	4.5%	3.0%	4.0%
Macro	4.0%	2.5%	3.5%
Mega	3.5%	2.0%	3.0%

Disclosure Standards by Market

Market	Required Disclosure	Standard
Vietnam	"#QuảngCáo" or "#TàiTrợ" on all paid posts	Per Ministry of Information & Communications Decree 13/2023

Market	Required Disclosure	Standard
Singapore	"#Ad" or "#Sponsored" in first line of caption	Per ASAS Singapore Advertising Standards Authority guidelines
Thailand	"#โฆษณา" or "#สปอนเซอร์"	Per OCPB Thailand consumer protection standards
Indonesia	"#Ad" + "#Kolaborasi"	Per BPJPH and Kominfo influencer marketing guidelines
Malaysia	"#BayaranDibuat" or "#Ad"	Per Communications and Multimedia Content Code Malaysia

All disclosure hashtags must appear in the first 3 lines of caption (not buried in hashtag clusters). Video disclosures must be verbally stated within the first 10 seconds.

Content Approval Process

Step 1 — Brief Delivery

Lumière Collective delivers a detailed creative brief including: campaign narrative, key messages (mandatory and optional), product claims approved for use, visual references, prohibited content list, and disclosure requirements. Deadline for KOL acknowledgment: 48 hours.

Step 2 — Draft Review

KOL submits draft content (video, script, or storyboard) for brand review. Review turnaround: 3 business days. Lumière Collective may request up to 2 rounds of revision; substantive changes to key messages require brand team sign-off.

Step 3 — Final Approval & Publishing

Final approved content is logged in the content management system. KOL may not publish without written confirmation from the Lumière Collective campaign manager. Post-publication, KOL must share live URL within 2 hours; brand team monitors for disclosure compliance.

Usage Rights & Exclusivity Terms

- **Usage rights:** Lumière Collective retains the right to repurpose KOL content across owned channels (brand Instagram, TikTok, brand website, email) for 12 months post-publication, without additional fee, unless otherwise negotiated.

- **Exclusivity — Standard:** KOLs may not post content for direct competitor beauty brands in the same product category within 30 days before or after Lumière Collective campaign posting dates.
- **Exclusivity — Premium tier:** Macro and Mega KOLs on 12-month partnerships operate under a 90-day category exclusivity window.
- **Competitive categories:** Skincare serums, cushion foundations, body care, and any product directly overlapping with Lumière Collective's flagship lines.

Payment Structure

Model	Application	Basis
Flat Fee	All tiers; base compensation for content creation	Agreed per deliverable (post, Reel, YouTube video)
Performance Bonus	Mid-tier to Macro	Tiered bonus on GMV attribution above agreed threshold
Affiliate Commission	Nano and Micro supplement	8–12% commission on tracked sales via unique code
Product Gifting	Nano only	Non-monetary; product value equivalent to deliverable value

Ideal KOL Characteristics

Lumière Collective seeks KOL partners who embody the following profile:

1. **Authentic skincare practice** — The creator genuinely uses and understands skincare. Formulated product knowledge and real usage routines are visible in their content history.
2. **Audience demographic alignment** — Primary audience falls within 18–38 female demographic (or male grooming segment for relevant campaigns) in one or more of Lumière Collective's five markets.
3. **Content consistency** — Posts at a regular cadence with consistent visual quality. No unexplained dormancy periods of 30+ days in the prior 6 months.
4. **Positive community sentiment** — Comment section reflects genuine engagement. Brand mentions in comments are predominantly positive.

5. **Brand value alignment** — Demonstrable alignment with at least two of Lumière Collective’s three pillars: Clean Beauty, Cultural Pride, or Accessible Luxury.
6. **Disclosure-compliant history** — No prior violations of advertising disclosure regulations in their operating market.
7. **Platform authenticity signals** — Engagement rate consistent with follower count; no evidence of purchased followers or engagement pods.

KOL Evaluation Scorecard

Criteria	Weight	Scoring Method
Audience Demographic Match	30%	% of audience in target age/gender/market; rated 1–10
Engagement Quality	25%	Engagement rate vs. tier benchmark; comment-to-like ratio; sentiment analysis score
Content Aesthetics & Brand Fit	20%	Brand team visual review; scored against Lumière visual standards (1–10)
Brand Safety	15%	Automated content scan (30-day lookback) + manual review; pass/fail with severity score
Past Collaboration Performance	7%	Available if prior collaboration history exists; conversion rate and ROAS data
Exclusivity Status	3%	Active competitor conflicts scored negatively; clean exclusivity rated 10/10

Minimum Total Score for Engagement: 6.5/10

Automatic Disqualification Threshold: Any brand safety flag rated “High Risk”

Unsuitable Influencer Profiles

The following characteristics disqualify a creator from Lumière Collective collaboration consideration, regardless of follower count or engagement metrics:

Content Category Conflicts

- Creators whose primary content involves tobacco, alcohol, gambling, or vaping products
- Creators who produce content that promotes restrictive eating, extreme diet culture, or body image messaging inconsistent with Lumière Collective's inclusive beauty values
- Creators whose content includes explicit, adult-rated, or sexually suggestive material
- Creators whose content platform is primarily gaming, sports, or automotive with no established lifestyle/beauty presence

Audience Demographic Mismatches

- Creators whose audience is more than 80% outside Lumière Collective's five operating markets
- Creators whose audience skews above 45 years old (60%+ in this cohort) unless specifically targeting premium/luxury segment campaigns
- Creators whose male audience exceeds 75% — unless engaged specifically for a male grooming campaign

Platform Behavior Red Flags

- Engagement rate more than 60% below tier benchmark (likely purchased engagement)
- Follower growth spikes of more than 30% in a single month without an identifiable viral event
- Follower-to-engagement ratio inconsistencies flagged by Social Blade or equivalent audit tools
- Comment sections dominated by bot patterns, emoji-only responses, or generic praise without specific content reference
- History of undisclosed advertising in any market in the prior 12 months

Competitive Brand Conflicts

- Active paid partnerships with brands in the following competitive categories: luxury skincare serums, premium cushion foundations, mass-to-premium DTC beauty brands operating in SEA, body care brands with direct SKU overlap
 - Exclusive contracts with major competing platforms that restrict content publishing rights
-

Campaign Messaging Standards

Approved Product Claims (Glow Serum Series)

- "Clinically tested for 4-week visible brightening on Fitzpatrick Type III–V skin tones" ✓
- "Visibly reduces hyperpigmentation with daily use" ✓
- "Fragrance-free, paraben-free, halal-certified formulation" ✓
- "Dermatologist-reviewed formula" ✓

Prohibited Claims

- "Removes dark spots in X days" — Therapeutic claim; not approved ✗
- "Prescribed by dermatologists" — Misleading clinical authority ✗
- "Suitable for all skin types without exceptions" — Overgeneralization ✗
- "100% natural" — Inaccurate; formulation includes lab-synthesised actives ✗
- Any claim implying medical treatment or drug-equivalent efficacy ✗

KOL Messaging Requirements (Non-Negotiable)

1. Product name must be stated clearly at least once in video or caption
 2. Disclosure hashtag must appear within the first 3 lines of caption
 3. At least one product benefit claim must align with an approved claim from the list above
 4. Halal certification status must be mentioned for any content targeting MY or ID Muslim audiences
-

Platform-Specific Communication Guidelines

TikTok Tone Adaptation

Conversational, peer-level, trend-aware. KOLs should speak as they would to a friend, not as a spokesperson. Avoid scripted language. First-person experience ("I've been using this for two weeks and...") outperforms third-person product description. Challenge mechanics and POV formats are strongly encouraged.

Instagram Tone Adaptation

Elevated but approachable. Slightly more editorial than TikTok. Captions can be longer and more reflective — Instagram's audience expects considered content. Beauty aesthetic should align with Lumière Collective's visual palette (muted, warm, clean). Over-saturated or high-contrast editing should be avoided.

YouTube Tone Adaptation

Informative, honest, thorough. YouTube audiences are self-selecting for depth — they want to understand the product, not just be sold it. KOLs should cover: first impressions, usage protocol, 2–4 week results, and honest limitations. Sponsored content should be clearly identified early in the video but need not interrupt the content's natural flow.

Hashtag Strategy

Platform	Brand Hashtags	Category Hashtags	Market Hashtags
TikTok	#GlowForward #LumiereCollective	#SkincareRoutine #CleanBeauty #KBeautyVN	#BeautyVN #KecantikanID #KecantikanMY
Instagram	#LumiereCollective #GlowForwardSEA	#PremiumSkincare #HalalBeauty	#SGBeauty #ThaiBeauty #VietnameseBeauty
YouTube	N/A (description tags)	skincare review, halal skincare, beauty SEA	beauty vietnam, singapore skincare, beauty indonesia

Partnership Approval Workflow

Step	Action	Owner	Timeline
1. KOL Identification	Sourced by influencer team or agency; scored against evaluation criteria	Influencer Marketing Manager	Ongoing
2. Preliminary Screening	Automated brand safety scan + follower audit	Analytics Team	24 hours
3. Human Review	Manual content review; cultural fit assessment	Senior Brand Strategist	48 hours
4. Commercial Negotiation	Fee, deliverables, exclusivity, usage rights	Partnerships Lead	3–7 business days
5. Contract Execution	Signed agreement via DocuSign	Legal + Partnerships	2–3 business days
6. Brief Delivery	Full creative brief + product seeding	Campaign Manager	Day of contract signing
7. Content Creation	KOL produces draft content	KOL	Per agreed timeline
8. Review & Approval	2 revision rounds max	Creative Director	3 business days per round
9. Publishing	KOL publishes approved content	KOL	Per campaign calendar
10. Performance Monitoring	Attribution tracking; engagement monitoring	Analytics Team	Ongoing for 30 days post-post

Prohibited Content Categories

The following content categories are never permitted in Lumière Collective-branded or Lumière Collective-associated influencer content, regardless of market, campaign, or creator:

- Any content that body-shames, promotes eating disorders, or implies beauty requires a specific weight or body shape
- Content mocking, stereotyping, or othering any ethnic, religious, or cultural group
- Sexual or suggestive content featuring minors

- Content involving political commentary or endorsement of political parties or candidates
 - Misleading before-and-after imagery (must include disclosure if filtered or edited)
 - Content that makes unverified medical claims
 - Any use of unauthorised music, font, image, or video content (copyright compliance is creator's responsibility)
-

Crisis Communication Guidelines

In the event of a brand-impacting incident involving a KOL partner (controversy, viral negative content, disclosed misconduct), the following escalation protocol applies:

Level 1 — Minor Incident (e.g., single negative comment, minor brand inconsistency)

Response: Monitor; no public action required. Internal note logged.

Level 2 — Moderate Incident (e.g., KOL posts content inconsistent with brand values; minor platform violation)

Response: Private outreach to KOL within 24 hours; content removal request; content correction within 48 hours. No public statement.

Level 3 — Major Incident (e.g., KOL associated with hate speech, serious ethical violation, legal issue)

Response: Immediate posting pause on all collaborative content. Internal review within 48 hours. Content deletion requested. Partnership suspension pending review. Public statement only if brand directly implicated in press coverage.

All crisis response actions must be approved by the VP of Brand before external communication.

Compliance & Legal Requirements

Advertising Disclosure (All Markets)

All paid partnership content must comply with market-specific disclosure standards detailed in the Influencer Collaboration Policy section. Non-compliant posts are the creator's legal responsibility under local consumer protection law, but brand association risk requires Lumière Collective to ensure compliance at the contract level.

Halal Certification

All product claims referencing halal compliance must use the phrase "JAKIM-certified halal formulation" (MY) or "MUI-certified halal formulation" (ID) where applicable. Generic "halal-friendly" language without certification reference is not approved.

Health Claims

No influencer content may make therapeutic, medical, or clinical claims that exceed the approved claims list in the Campaign Messaging Standards section. Any claim suggesting the product treats, cures, or prevents a medical condition (acne, eczema, rosacea, etc.) is prohibited unless pre-approved with supporting clinical trial documentation.

Data Privacy

KOL collaboration data (contact details, contract terms, payment information) is subject to Vietnam's Personal Data Protection Decree 13/2023 and applicable market-equivalent legislation. KOL contact databases may not be shared outside the Partnerships and Marketing teams without Legal approval.
